QUESTION 12

Alex is on an audio call and trying to multitask. The call window keeps getting into the way because it is staying on top of the screen.

What can Alex do to move the call window to the background?

A. Inside the call window. Alex can click the "Hide" button.

B. Alex must set the IBM Sametime preference for the chat window to "Reduce to task bar".

C. Alex must uncheck the preference in the Voice and Video Call Window tab "Keep call window always on top".

D. Since it is an audio call, it will always be on top so that the user can find it easily. There is no way to change this behavior.

Correct Answer: A
