

Exam : **000-821**

Title : Collaborative Lifecycle
Management

Version : DEMO

1.What are three supported CLM clients? (Choose three.)

- A.Eclipse
- B.Oracle Netbeans
- C.Microsoft Visual Studio
- D.Borland Delphi
- E.web browser

Answer: A,C,E

2.Which three sources can CLM use for user authentication? (Choose three.)

- A.browser
- B.LDAP
- C.Tomcat User Registry
- D.non-LDAP external registry services
- E.database server

Answer: B,C,D

3.Which two build engines is Rational Team Concert's Jazz build engine designed to work with? (Choose two.)

- A.Apache Gump
- B.Hudson
- C.CruiseControl
- D.Bamboo

Answer: B,C

4.What limitation is inherited by choosing Apache Derby as the database for the Jazz Team Server?

- A.CLM integrations between RRC and RQM will not work.
- B.The Eclipse client for RTC cannot be used.
- C.The web client for RTC cannot be used.
- D.The deployment will be limited to ten total users.

Answer: D

5.Which statement is NOT true about CLM providing linkages between applications?

- A.Test cases can be linked to work items.
- B.Test cases can be linked to requirements.
- C.Work items can be linked to test plans.
- D.Work items can be linked to test results.

Answer: D

6.What are three limitations when each CLM application has its own Jazz Team Server (JTS)? (Choose three.)

- A.Applications cannot be consolidated to point to single JTS later on.
- B.The same LDAP server cannot be used for each JTS.
- C.Project areas cannot be managed with the Lifecycle Project Administration application.
- D.Each application cannot be run on its own application server.

E.A client access license cannot be used on multiple servers.

Answer: A,C,E

7.For which two purposes does CLM use absolute URIs? (Choose two.)

- A.to locate clients attached to the server
- B.to act as a stable resource identification for all applications
- C.to act as a proxy for other systems
- D.to permit consistent web access to stored artifacts
- E.to reduce the size of any URL referencing stored artifacts

Answer: B,D

8.Which statement BEST describes the architecture of Rational Reporting for Development Intelligence (RRDI)?

- A.The report server can only create reports related to Quality Management data.
- B.The content store server extracts, transforms, and loads data into a data warehouse.
- C.The report server uses data collected in the data warehouse to create reports.
- D.The report server must be connected to Rational Publishing Engine to create reports.

Answer: C

9.How does an administrator verify the database status for the Jazz Team Server?

- A.navigate to the administrative page (<https://<your server>:9443/jts/admin>)
- B.open the Eclipse version of RTC and verify the 'server status' viewlet
- C.check the server status light for verification of an active database
- D.view the database schema by opening the DB2 or Oracle control center via the desktop shortcut

Answer: A

10.What is the Operational Data Store (ODS) in Rational Reporting?

- A.the process of collecting data from one or more source, cleansing and transforming it, and then loading it into a database
- B.a standard application programming interface for accessing data in both relational and non-relational databases
- C.a repository that stores copies of a subset of operational data from registered applications
- D.the database that contains the data needed to operate reports, such as report specifications and published reports

Answer: C

Trying our product !

- ★ **100%** Guaranteed Success
- ★ **100%** Money Back Guarantee
- ★ **365 Days** Free Update
- ★ **Instant Download** After Purchase
- ★ **24x7** Customer Support
- ★ Average **99.9%** Success Rate
- ★ More than **69,000** Satisfied Customers Worldwide
- ★ Multi-Platform capabilities - **Windows, Mac, Android, iPhone, iPod, iPad, Kindle**

Need Help

Please provide as much detail as possible so we can best assist you.

To update a previously submitted ticket:

 One Year Free Update Free update is available within One Year after your purchase. After One Year, you will get 50% discounts for updating. And we are proud to boast a 24/7 efficient Customer Support system via Email.	 Money Back Guarantee To ensure that you are spending on quality products, we provide 100% money back guarantee for 30 days from the date of purchase.	 Security & Privacy We respect customer privacy. We use McAfee's security service to provide you with utmost security for your personal information & peace of mind.
