Vendor:IBM

Exam Code:C2040-407

Exam Name:IBM Notes and Domino 9.0 Social
Edition System Administration B

Version: Demo

QUESTION 1

Carol is using the Assign Policy tool to assign an explicit policy to a selected group and chooses the options to allow replacement of policies and to apply policies in the Policy document. What is the result of this action?

A. This replaces existing explicit policy assignments for each group member and their Person documents are updated to reflect the newly assigned policy.

B. This replaces only existing explicit policy assignments that conflict with the newly created explicit policy assignment and Person document links are added to the Policy document.

C. This migrates existing explicit policy assignments to a dynamic policy assignment for the group members and removes any explicit policy assignments from their Person document.

D. This replaces any organizational policies assigned to the group members with the newly assigned explicit policy and decreases the numeric precedence value in the Policy document.

Correct Answer: C

QUESTION 2
